

Kangaroo at the zoo

What a hullabaloo!
Someone new at the zoo.

Who?

Let me see
too!

The crate opens POP!
And out with a hop jumps a...

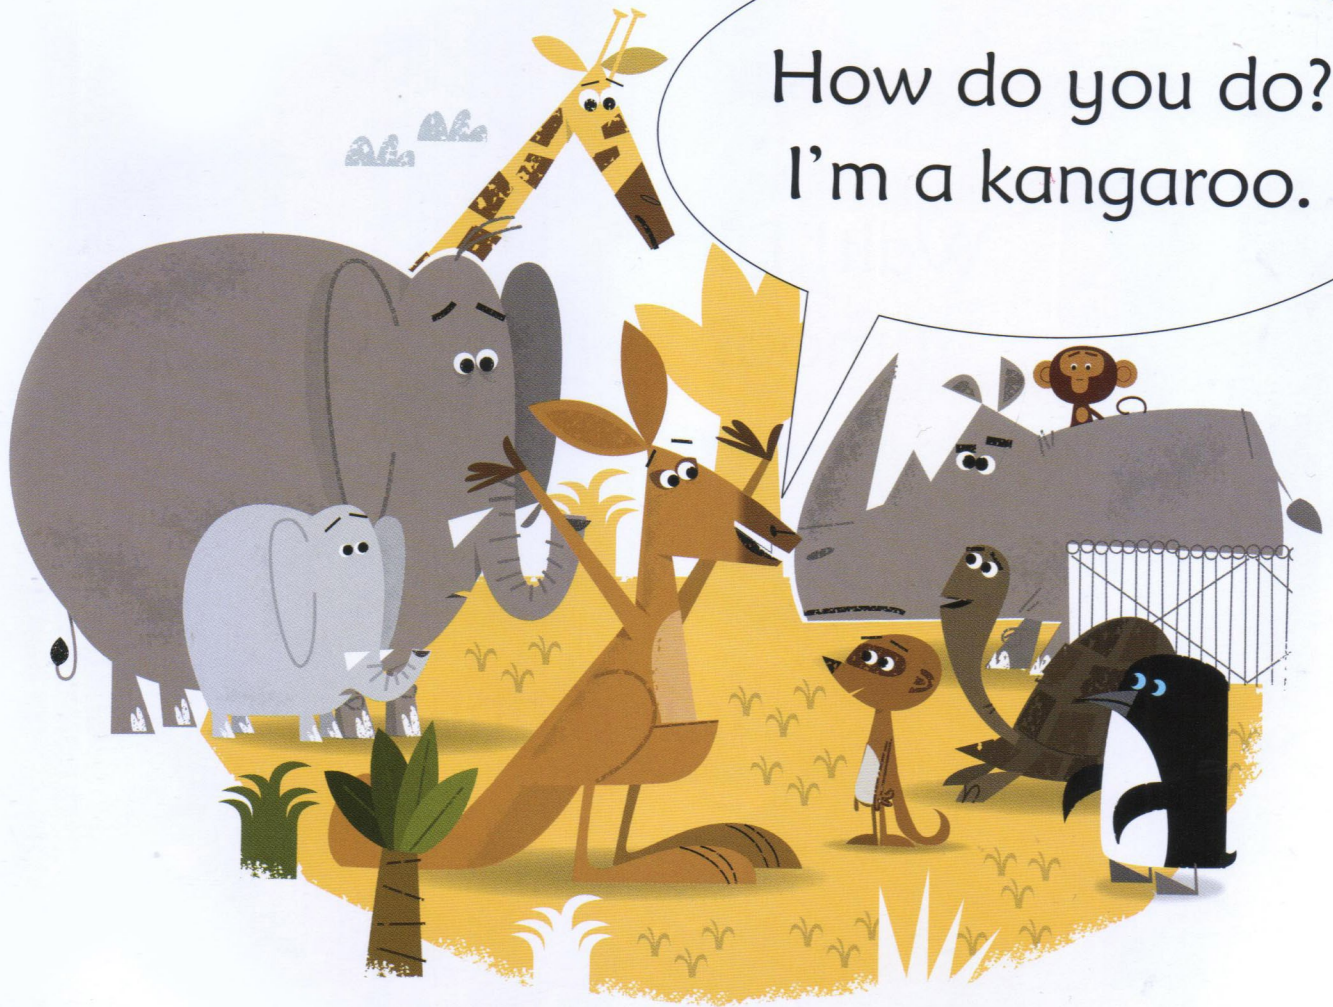

Wait! Did
it moo?

Is it a gnu?

How do you do?
I'm a kangaroo.

And she bounces and springs

all

the

over

zoo.

Oops!

Whoops!

Not there!

Take care!

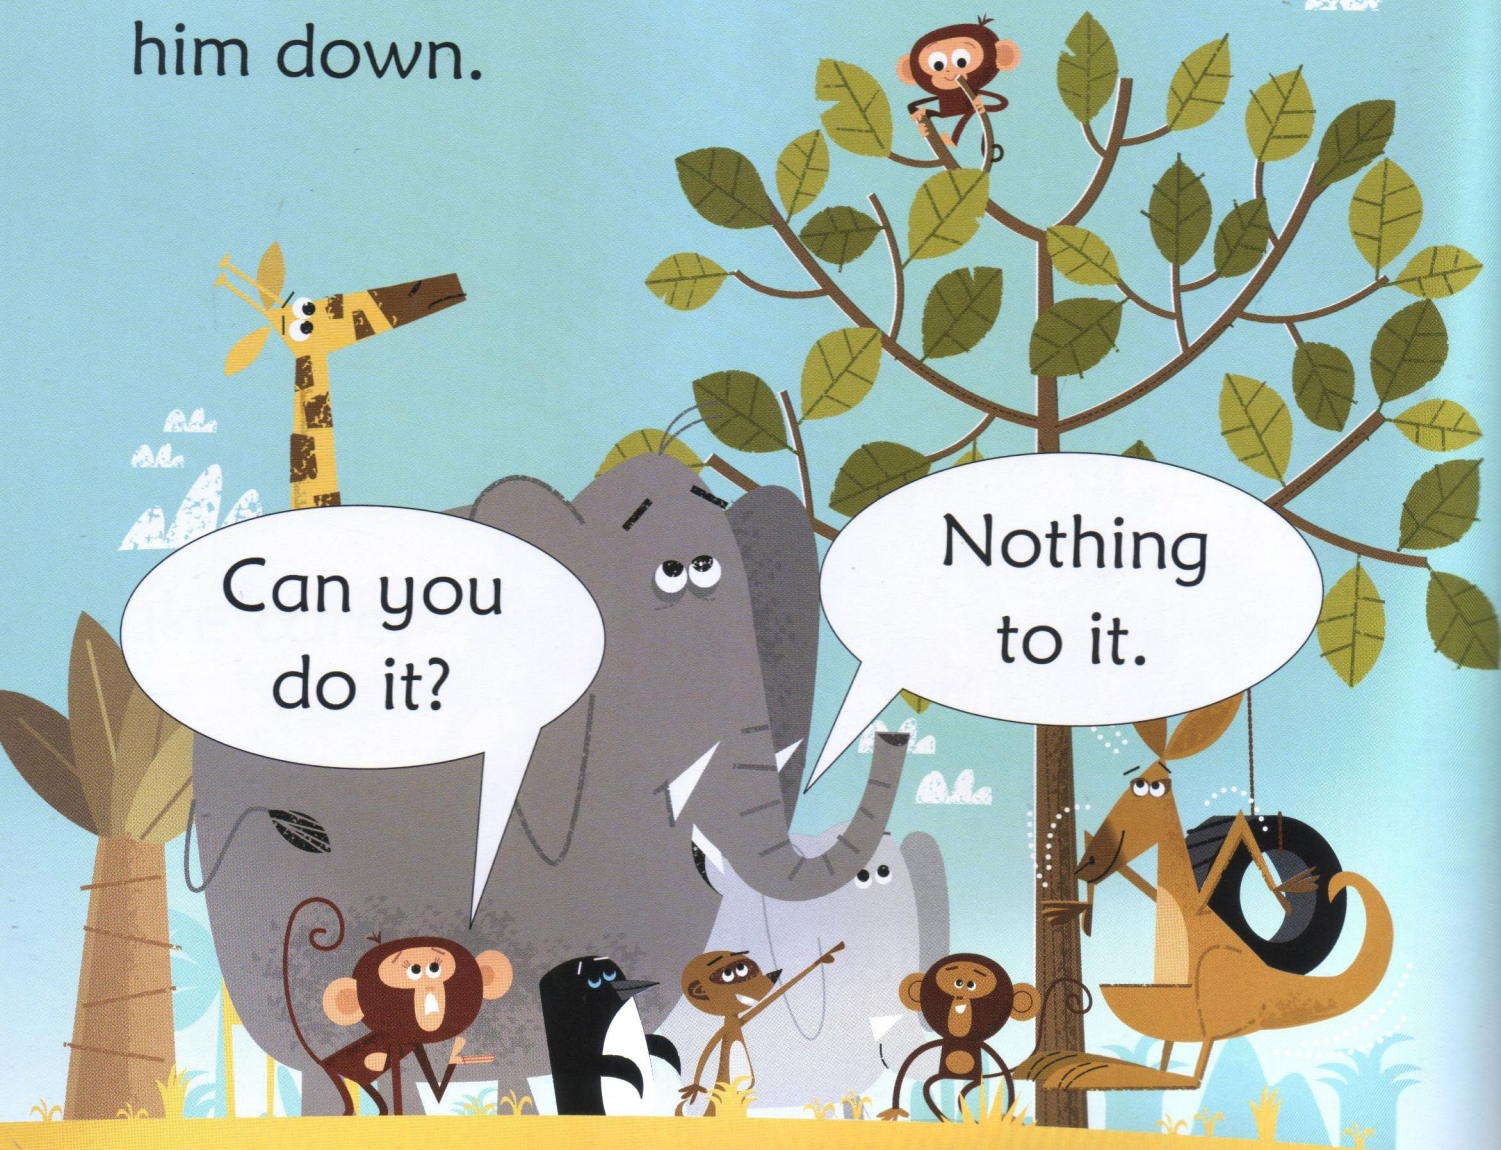

A scared little monkey
leaps up a tree...

...and cries, “I’m too high!
Please, please **HELP ME!**”

His mother sighs. She starts to frown.
Elephant tries to lift
him down.

"I'll have him free in just a sec."
Giraffe holds up her long, long neck.

Can you
do it?

Nothing
to it.

But nothing works.
Then, "Let me try!"

Kanga bounces to the sky...

Again she jumps...

and bumps
the tree.

The baby monkey falls down.

Wheeeeeeee!

Three frightened bats
and meerkats cry, “Baby
monkeys cannot fly!”

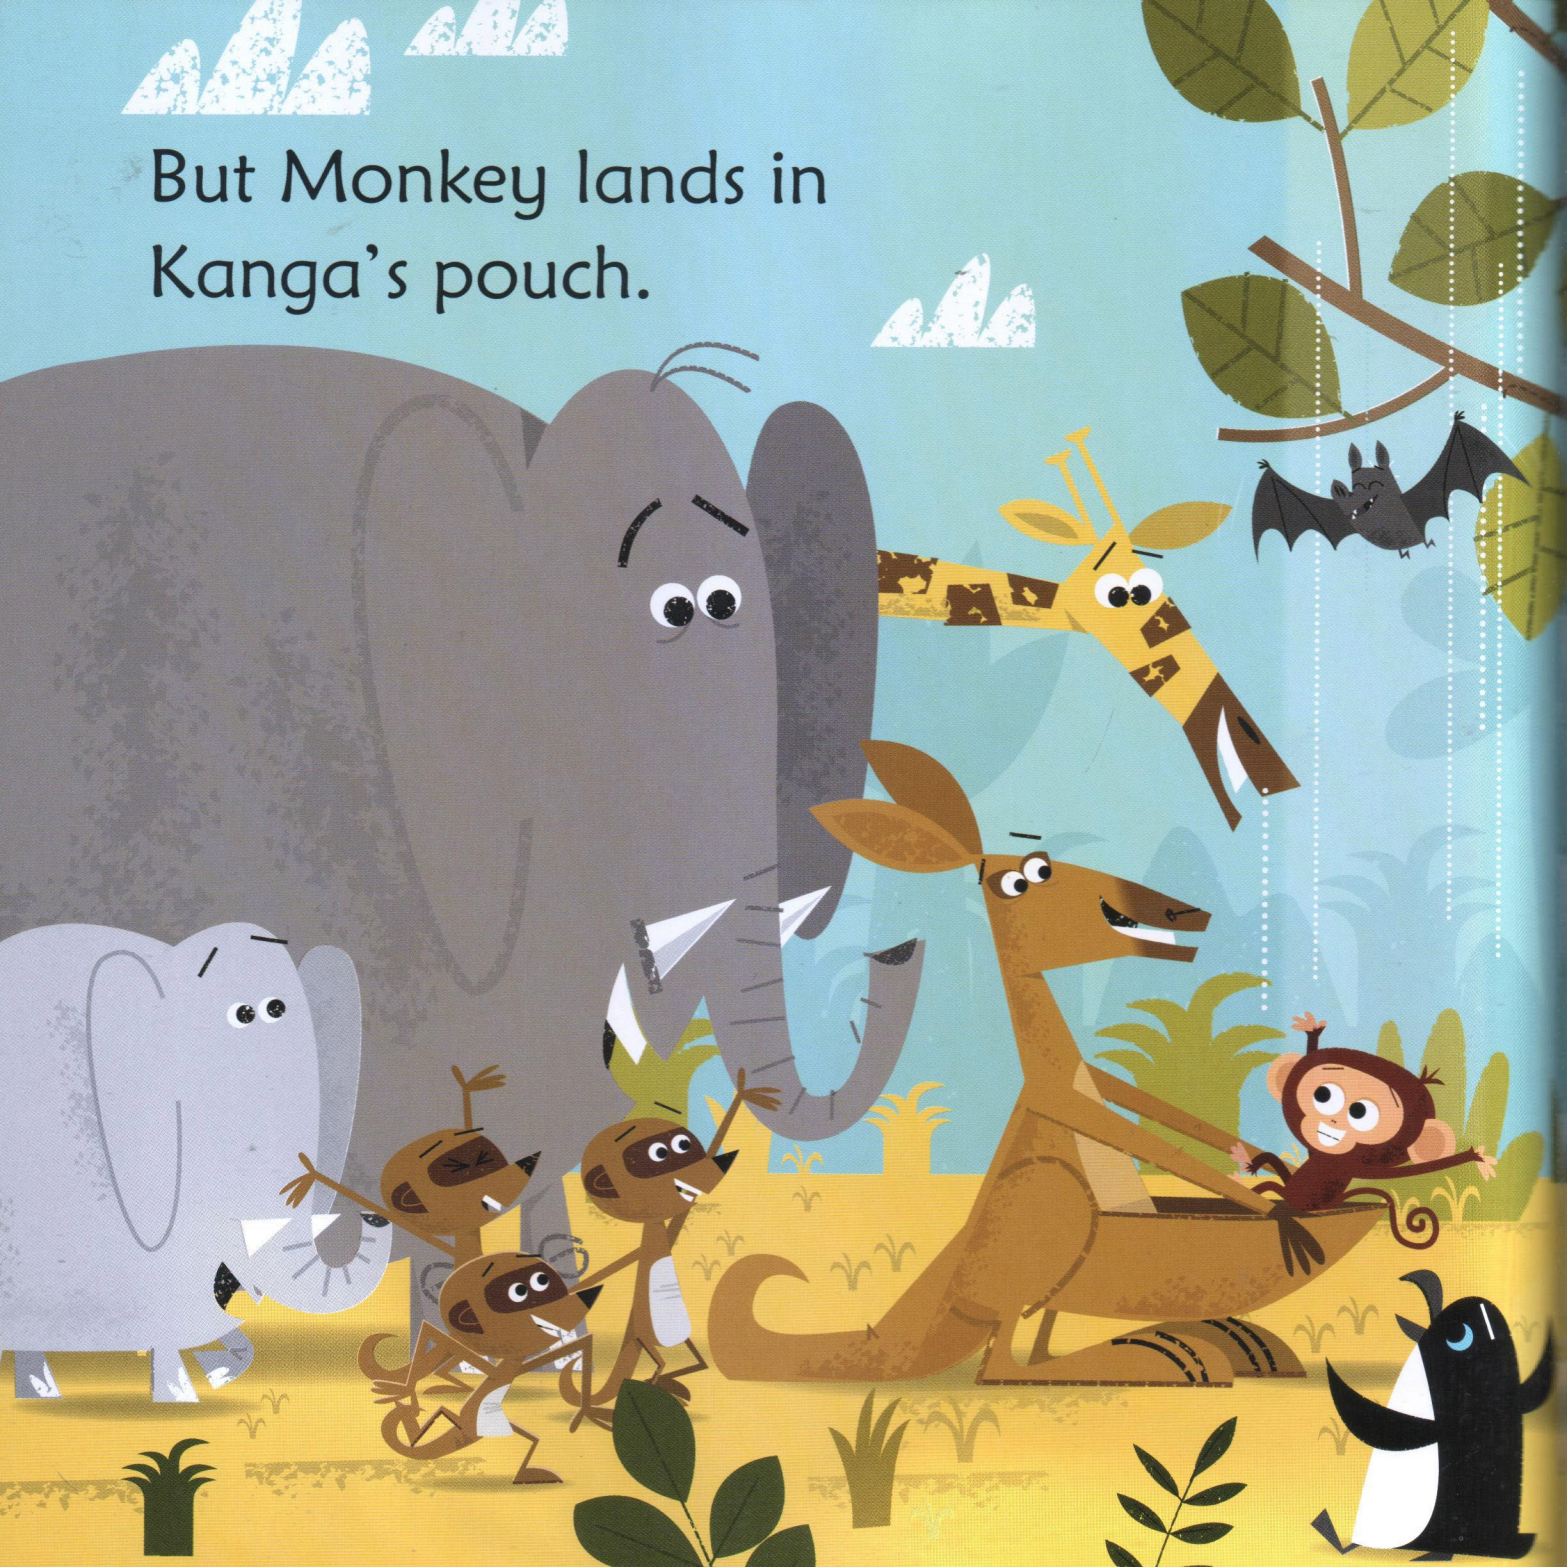

He’s going
to crash!

I can’t look!

Ouch!

But Monkey lands in
Kanga's pouch.

Hooray!
