

Spring

Ailie
Busby

I know it's spring when...

...I hear the birds
singing when I wake up.

It makes me feel like singing too!

It's time for T-shirts
and new shoes...

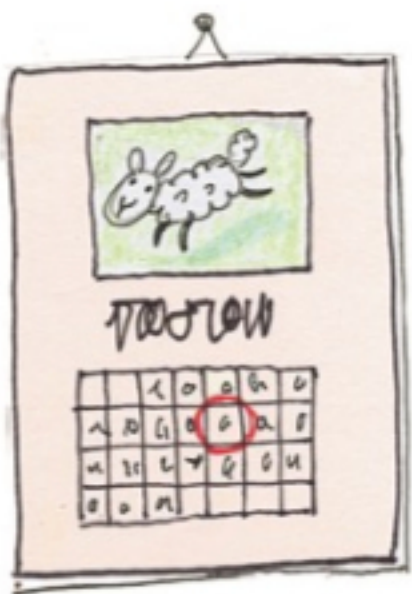

...tricky shoelaces and big buttons!

Baby animals play
in the sunshine.

Funny bugs buzz
and butterflies flutter by.

It's time to plant seeds
and watch them grow.

I can water them with my can.

I want to run and skip and jump...

...and ride
my tricycle as
fast as I can!

Everything starts to grow...

...including
ME!
